Couldn't recommend Michael more! He was friendly, professional and happy to accommodate our changes along the way. Our garden looks incredible and he even popped some fairy statues under the new plants for our toddlers. So kind and thoughtful 🌟 10/10 🌱🍷

We are so happy with Michael's work! So glad we got referred his business. His communication was exceptional, his attention to detail and ideas he had for our backyard. Couldn't be happier with his work, reliability friendliness and readiness to answer all questions and guide us in our. He put up side gates exceptionally, tiled our alfresco and firepit area, put steppers in garden beds a gravel area for our raised garden beds and laid our turf! We look forward to raising our little ones and making memories in this backyard for years to come! Thanks again mate you were fantastic!

Very happy with the job done by Michael and his team the last two days. They have transformed the boundary of my property from flat dry ditch to a beautiful, green, leafy space. Looking forward to watching the 50 photinias grow! Thank you very much!

Michael was an absolute pleasure to work with, right from the start he was friendly, helpful and efficient. He managed to create the garden I wanted even though I didn't really know myself. Nothing was too much hassle and it was amazing watching him bring the space to life. We have had so many compliments since it has been finished.

We had Michael come out and make our vision a reality. He was great to deal with and his communication was phenomenal. Even his after commitment after his work has been great. We were given a detailed run down of what to do with our plants and grass and when to use fertiliser. The little things of working out tricky issues at the top of our stairs to working in with our electrician to make it how we envisioned. To coming back and planting an extra stake for our Silver Birch when it started to blow around with the wind. Would happily recommend and use Michael for any and all future works when required. Thanks for the top notch workmanship, we couldn't be happier.

We are so glad Michael was referred to us! We wanted our garden simplified and had a general idea of what that looked like but needed someone with the landscaping experience to fill in the blanks. Michael was the perfect person for this job! He is very professional, easy to get along with and just an overall lovely human. He had great communication and always checked in with us at every stage. We are so happy with the outcome, will definitely use Michael again for future projects.
